

WANTS PAGE TO KEEP QUIET

Senator Chamberlain Delivers Tirade Against Ambassador

AFTER READING COMPLETE SPEECH

London Bankers Think Definition of Monroe Doctrine Clearer

Washington, March 16.—After reading what purported to be a cabled verbatim report of Ambassador Page's speech at the dinner of the Associated Chambers of Commerce in London Wednesday night, Senator Chamberlain of Oregon said he had not modified his views as to the impropriety of the speech. Senator Chamberlain is the author of the resolution adopted by the Senate last week, calling on the state department for a copy of the address made by Ambassador Page.

"Some means ought to be found by the powers that be to seal the lips of the ambassador to Great Britain," said Senator Chamberlain, "or he ought to be recalled as quickly as possible. This is the second time in less than a year that he has been guilty of an impropriety by placing the American people in a false light before the British public. The latest reports of the speech do not differ from the first reports as to the utterances against which I complained. Ambassador Page in that speech reflected the views of American people in only one particular, and that was when he said that we rejoice in the prosperity of the British empire. He might have added that we rejoice in the prosperity of any country, but he offends against good taste and puts American people in a false light when he undertakes to announce a new Monroe doctrine and to outline a new policy as to the Panama canal."

"When he says that the construction of the Panama canal was for the greater benefit of Great Britain, he misstates the case. The canal was built in accordance with an American policy for the benefit of the entire world, it is true, and in the interest of civilization, but primarily for American interests. 'I think I may say with absolute truth that if Congress had believed before it authorized the canal construction that the United States would not have the right to control the canal in any way it saw fit and to grant free tolls to coastwise vessels of this country, if we regarded it as a proper policy, not a dollar would have been appropriated for its construction.'"

London Financiers Pleased.

London, March 16.—Financiers here express appreciation of Mr. Page's elucidation of the policy of the American government as not being opposed to legitimate foreign investments in Central America, although strongly opposed to anything which carried potential control of one of these governments. There had been an impression here that the Washington government desired to stall off any and every foreign investment in these regions, with a view of favoring American capital.

Of course, the objection remains that such intimations hardly come within the scope of post-prandial speeches by an ambassador. Indeed, it is possible to say that Mr. Page himself recognizes his error.

The Pall Mall Gazette thinks that under the circumstances Mr. Page will probably conclude, despite Senator Chamberlain's resolution, that the courtesy of humor is still permitted to an ambassador.

GETS \$300 FOR GALLANTRY.

When Dog Bit Woman's Finger, Courtney Sucked Out the Infection.

Dedham, Mass., March 16.—The gallantry of William J. Courtney in sucking the finger of Mrs. Mary V. E. Hill, after she had been bitten by a dog seven years ago, will net him \$300 through her will for probate Saturday. The bequest was designated by the testator "as a small remembrance of a courageous act" in her behalf.

Mrs. Hill was riding in a railroad train with a dog in her lap, when the animal suddenly showed symptoms of hydrophobia and bit her finger. Courtney, who was in the next seat, seized the injured member and drew out the infection. He had forgotten the incident until informed of the bequest.

WOULD DINE AT CLUB.

Hub's Unemployed Ask Breakfast From City Club's Directors.

Boston, March 16.—Under the leadership of Morrison I. Swift, who acted as spokesman, about 200 of the unemployed in this city, marched boldly into the City club on Beacon street Saturday night about 6 o'clock and requested of Superintendent H. Vucharaach of the club that the men be served breakfast by the club during the period of their unemployment.

Sick Children Made Well

Every mother likes to see her children the picture of health and vitality.

I find that the stomach is a source of constant trouble to some children, and there is a constant need of some safe remedy. A disordered stomach, too, frequently breeds worms, either stomach worms or pinworms.

You can absolutely depend upon Dr. True's Elixir to expel worms and tone up the stomach, bowels and general health.

Dr. True's Elixir, the discovery of my father, has been on the market for over 60 years. That's proof of its efficiency. Get the time-tried Dr. True's Elixir, the family laxative and worm expeller. Good for adults also. At your dealer's, 50c. per bottle and \$1.00. Advice free. Special treatment for tapeworms. Send for book.

SEVERE RHEUMATIC PAINS DISAPPEAR

Hood's Sarsaparilla Will Surely Bring Relief—Don't Suffer.

Rheumatism, which perhaps causes more suffering than any other disease, depends on an acid which flows in the blood, affecting the muscles and joints, producing inflammation, stiffness and pain.

This acid gets into the blood through some defect in the digestive processes, and remains there because the liver, kidneys and skin are too torpid to carry it off.

Hood's Sarsaparilla, the old-time blood tonic, is very successful in the treatment of rheumatism. It acts directly, with purifying effect, on the blood, and through the blood on the liver, kidneys and skin, which it stimulates, and at the same time it improves the digestion.

Get Hood's to-day. Sold by all druggists.—Advt.

TAFT WON'T HEAD ANY COLLEGE.

Declines Delaware Presidency, Saying He Isn't Fitted for It.

Wilmington, Del., March 16.—Ex-President Taft will not accept the presidency of any university or college, according to a letter received from him by Dr. George W. Marshall of Milford, Del., president pro tempore of the Delaware state Senate, declining a tentative offer to become president of Delaware college, Newark, Del., at a salary of \$5,000 a year. Dr. Marshall is a trustee of the college.

"I am quite content with my position in New Haven," wrote Mr. Taft, "and I could not accept the presidency of any university or college for two reasons, first, because I am not fitted for it, and second, because I have other work in which I believe I can do more good."

POSTMASTER WAS SHOT BY MEXICANS

Postoffice and Customs Offices at Tecate, California, Were Burned.

San Diego, Cal., March 16.—The United States customs office and postoffice of Tecate, burned Saturday night. The postmaster, Frank V. Johnston, was shot dead by three bandits, according to advices received last night.

Observers say the bandits were Mexicans. A posse has started in pursuit. There is bitter feeling along the border.

GOLD MINE IN CITY OF DENVER.

Assay Is \$72.84 a Ton and Prospector Will Develop Find.

Denver, Col., March 16.—William H. Pinchback, jr., a prospector, has discovered gold and quicksilver in a dry creek bed on the Valverde farm within Denver's city limits between Mississippi and Alameda avenues. He holds a mining lease covering a tract of 300 acres of school land and financial backing has been offered to him to develop his find.

Pinchback by sluicing took out gold which assays \$72.84 a ton besides quicksilver in considerable quantity.

The opinion has been advanced that the metals were washed from a distant mining camp of the old days.

CAPTURE BOLD SAFE BREAKERS.

Duo Confess Attempt to Steal Half a Million.

New York, March 16.—Two men, who the police allege have confessed they intended to dynamite a diamond cutter's safe containing diamonds valued at half a million, were arrested last night after they had been trailing over a month.

Incidentally the police obtained what was considered one of the best and most complete safe-breaking equipments.

SIGNS COVER CHURCH WALLS.

Militants Paint Words of Warning to Clergy.

Birmingham, Eng., March 16.—Workmen in the cathedral yesterday found the walls and doors covered with suffragette proclamations painted in white in letters a foot high reading, "Votes for Women, the clergy must rise in our behalf and stop the torturing of women in prison."

TO BUY FAMOUS BATTLEFIELD.

British Start to Raise Fund to Save Waterloo.

London, Eng., March 16.—A committee including the Duke of Wellington and Lord Roberts has been formed to raise a public fund of \$50,000 to purchase the Waterloo battlefield to preserve it from speculative builders.

MANY ALITUDES DETERMINED.

Government Report Shows High Points in Illinois.

More than 1,500 datum points established by the United States Geological Survey in the state of Illinois, in addition to about 50 secondary elevations of well-known summits and water-surface elevations of prominent lakes, are described in bulletin 633, "Results of Spirit Leveling in Illinois, 1911 to 1913, inclusive," which has just been issued by the geological survey. The work reported in the bulletin was done under the direction of R. B. Marshall, chief geographer, in co-operation with the state geological survey of Illinois, F. W. DeWolf, director, with an equal allotment of funds from each organization. The highest point noted in the bulletin is that known as Charles Mound, in Jo Daviess county, 1,241 feet above mean sea level, the highest point in the state thus far determined.

The topographic maps published by the survey show the elevations, to the nearest foot, of points within the areas mapped, but those given in the bulletin on spirit leveling are exact and consequently are of considerable value to engineers and surveyors who may require some points on which to base their work.

A number of years ago the geological survey published a "Dictionary of Altitudes" for the entire United States (now out of print), but the elevations given in that volume were nearly all approximate only; they could not be used as a basis for work requiring accuracy and care. The state bulletins on spirit leveling, however, when complete, will form a series of inestimable value because the elevations of most of the datum points are given in thousands of a foot and the points are so described as to be easily identified.

NO NEW CALLS ON NEW HAVEN

But Government Will Require Compliance with Agreement of Jan. 10

WHICH COVERS ROAD'S BOATS AND DOCKS

Conferences at Washington Go Over Till Friday at Request of Government

Washington, March 16.—The department of justice Saturday issued a denial of reports that it is making new demands on the New York, New Haven & Hartford railroad company. The statement specifically says the government is not demanding that the New Haven shall dispose of its dock and wharf properties otherwise than according to the agreement of Jan. 10. It reads:

"Within the last 24 hours several newspapers have published statements that in the pending negotiations between the department of justice and the New York, New Haven & Hartford Railroad company, the government is making new demands upon the New Haven company not covered by the general agreement reached on Jan. 10 last; that it is demanding that the New Haven part with its holdings in dock and wharf properties at New Haven, Providence, Fall River and other sound and river ports in New England, and have intimated that the department is attempting in the pending negotiations to recede from the general understanding that the interstate commerce commission shall pass upon the rights of the New Haven to retain its sound lines. There is no foundation for these statements and this intimation."

Commerce Commission's Part.

"Under the terms of the agreement of Jan. 10, a synopsis of which was given out by officials of the New Haven company at the time, it is provided that the New Haven shall, within the time and in the manner agreed upon, dispose of stock and obligations held by it in the sound steamship lines unless the interstate commerce commission permits it to retain these lines. In case the interstate commerce commission does not permit it to retain the sound lines, the wharf and dock facilities owned by those lines will of course pass with them from the control of the New Haven when it disposes of its stock in those lines. The department has made no demand on the New Haven to part with dock and wharf holdings not covered by the terms of the agreement of Jan. 10."

Further conferences between officials of the department of justice and representatives of the New Haven were suspended Saturday until next Friday. This action was taken at the request of the government's representatives. It is their desire to look into certain questions connected with the trolley and steamship connections of the New Haven before any further meetings with officials of the New Haven are held.

Elliott Coming Here to Confer.

In the meantime, Howard Elliott, chairman of the board of directors of the New Haven, will lay before his colleagues at the meeting in New York next Thursday the facts brought out at the two days' conference in Washington. Mr. Elliott will remain over in Washington for a couple of days attending to other matters, but the lawyers who are representing the New Haven officials left the city Saturday night.

At Saturday's conference it was made plain by the department's representatives that the New Haven must dispose of its sound steamship lines if the interstate commerce commission so decides. In such contingency, the wharf and dock facilities of the road would likewise have to be given up.

It cannot be said that the negotiations "as far carried on have progressed to such a stage that there is any probability of an early settlement. The disposition of the stock in the Boston & Maine now held by the New Haven is a problem which has yet to be worked out. No agreement is looked for within the next few weeks."

KILLED BY AUTO.

Brockton, Mass., Woman Stepped from Behind Trolley Car and Was Struck.

Brockton, Mass., March 16.—An automobile owned and driven by John A. Whittemore, jr., struck and killed Mrs. Annie Brophy, aged 60, last night. Whittemore a few minutes previously had been assisting the officers hunt for a murder suspect.

Witnesses say the woman stepped from behind a trolley car in front of the automobile. There was no evidence of negligence and Whittemore was released.

Smith Loses to McGorty.

Sydney, N. S., March 16.—Eddie McGorty of Oshkosh, Wisconsin, yesterday was given a decision over Jeff Smith, another American at the end of 20 rounds. The decision was unpopular.

Do You Know What Vinol Week Means?

Some years ago the Vinol Fraternity, of which Floyd G. Russell is a member, originated the idea of having a national display week of Vinol and its companion products semi-annually.

The Vinol Fraternity is an extensive organization numbering among its members the leading druggist in every town, city and hamlet in the United States, Canada, Cuba, and far-off South America, and travelers often remark of the wonderful window displays of Vinol that they have noticed in different parts of the country during Vinol week.

Mr. Russell is now preparing for Vinol week, which began this spring March 14. His attractive window arrangements and store decorations show the same enthusiasm which they have for years put behind this meritorious cod-liver and iron preparation. From time to time they gave away cook books, in which many women are interested. Their latest book, on good bread, will be distributed during Vinol week, and every woman who is interested should call and get one.—Advt.

THROW AWAY YOUR EYEGLASSES!

A Free Prescription

You Can Have Filled and Use at Home

Do you wear glasses? Are you a victim of eyestrain or other eye weakness? If so, you will be glad to know that there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. One man says after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses, and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can discard them in a reasonable time, and multitudes more will be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Optima, fill a two-ounce bottle with warm water, drop in one Optima tablet and allow to dissolve. With this liquid bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly from the start, and inflammation will quickly disappear. If your eyes are bothering you even a little, take steps to save them now, before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time.

SHIVER MY TIMBERS! 'T WAS A BROADSIDE!

Listen, Mates, When the Good Ship Rivadavia Shot Her Guns—Well—

Boston, March 16.—With rubber pads between their teeth and cotton stuffed into their ears to ease the jar, the crew of the new Argentine dreadnaught Rivadavia stood on tiptoe Saturday while 12 12-inch guns and six six-inch ones were fired in one broadside from the port side of the giant fighter.

Just to show that she could do it and still float. That was the condition of her acceptance by the Argentine government. The Rivadavia survived the test and the builders said that every requirement was fulfilled. The dreadnaught was somewhat shaken and some glass was broken, in spite of special copper shutters, but the structure stood firm, and another test salvo was fired for good measure.

The dreadnaught is called the heaviest ordnance warship afloat. She will carry 1,300 men and cost \$11,000,000.

THAW APPEALS TO PEOPLE.

Asks New York State Voters to Stop "Persecution."

Concord, N. H., March 16.—Harry K. Thaw issued an appeal to the people of the state of New York to put an end to the proceedings looking toward his extradition by working for the passage of a resolution to that effect to be introduced in the legislature. After reviewing the story of the death of Stanford White and the legal steps which followed, Thaw's commitment to Matteawan, the statement says:

"I am now a man; my youth passed; my resources impaired. My parents' charities have been extensive; I myself have assisted many in need. The future holds for me an opportunity to bring some peace and happiness to my aged mother, who in these eight years has known none and who has spent her declining years in untold sorrow. 'My adversary now seeks to place me in Matteawan—a living hell—to there spend the rest of my life, to never again take my place in my mother's home in her remaining years, and in respectful confidence now appeal to the citizens of New York in the power of their sovereignty to stop the persecution and therefore ask that all people who believe that I have suffered years of punishment commensurate with my deed to write the representatives of their own districts at Albany before Wednesday to support and vote for these resolutions."

RECEIPTS OF \$12 A DAY.

Lebanon, N. H., High School's Own Bank in Operation Eight Days.

Lebanon, N. H., March 16.—The Lebanon high school has been operating its own savings bank for eight days now and already there are 236 depositors. The amount received is \$96.50, an average of \$12 a day. The bank is at the present run by the commercial department, but will later be extended to the junior department. The most improved methods are in use.

The two local savings banks have presented each teacher a small steel bank in which the pupils may make their deposit outside of banking hours. The district schools are included in the system. The money collected is deposited in the two savings banks each day.

The officers of the bank are: Pearl Dimick, cashier; Laura Dion, receiving teller; Harold Hunt, paying teller; Charles Carter, Gertrude Berry and Marion Tuxbury, clerks; Doris Richardson, Frances Merrill and Herman Russ, bookkeepers, and Marion Tuxbury, stenographer.

HUNDREDS DIE IN EARTHQUAKE.

Great Damage from Disturbance in Japan.

Tokio, March 16.—There was a serious earthquake yesterday in the prefecture of Akita, Island of Honshu. A number in the city of Akita were killed and many houses destroyed or damaged in the village of Kovakubi, which was ruined, many casualties are reported. The disturbance badly damaged railroads and telegraph lines. The volcano of Asamayama, ninety miles northwest of Tokio, is in eruption.

ONE KILLED, 38 INJURED.

Injured Taken to St. Paul on Relief Trains.

St. Paul, March 16.—One woman was killed and 38 passengers injured, some probably fatally, Saturday night, when a passenger train on the Chicago, St. Paul, Minneapolis & Omaha road was wrecked near Mendota, Minn. The injured were brought here on a relief train.

IN THE FIELD OF SPORTS

Young Taylor, the Indianapolis fighter, knocked out Herb McCoy, the Australian lightweight champion, in 18 rounds at Sydney, Australia, the other night.

President Hemstead of the New York Nationals will be off in a few days for California on a vacation. He intends to pass much of his time inducing Artie Shafer to return to the Giants' fold. Hemstead regards Shafer as one of the best men in the game and will do everything to induce him to return.

John McGraw, the New York National manager, who recently returned from Europe, has joined his Giants at Marlin, Tex.

The Chinese baseball team of Honolulu, numbering fifteen, has reached San Francisco, Cal. They will tour this country for seven months, ending the trip with a series of games in Cuba. They are the champion of the Hawaiian baseball league. The team will gradually work its way across the continent. Games will be arranged in Barre again during the past two seasons.

In one of the anti-season games between major league clubs the Chicago Cubs defeated the Athletics at Tampa, Fla., this week by the score of 3 to 2. The teams were represented by nearly their regular line-ups.

L. E. Waterbury, the Michigan freshman jumper, is but a youth. He stands but 5 feet 6 inches, but cleared 5 feet 9 1/2 inches at the Detroit Y. M. C. A. meet this week.

Jack Johnson, the heavyweight fighter, who was due to wrestle against some of the big wrestlers in Sweden, was forced to abandon the country on account of hostile demonstrations accorded him in the big cities.

Bill Sweeney, the Brave second sacker of the past few seasons, has been turned over to the Chicago Cubs. He was traded to the Chicago club in exchange for Johnny Evers, the deposed manager of the Cubs, who will be seen at second base for the Boston club during the coming summer.

James J. Corbett criticized the present crop of heavyweights recently. He said "I haven't seen one of those big fellows who knows what to do when he gets a punch in the face or body. Most of them become rattled. They seem to devote most of their time to learning to hit but lose their bearings when under fire. They forget why the ring is eighteen by 24 feet square and seldom use their feet." This was along the same line of the criticism made a short time ago by Bob Fitzsimmons concerning the present aspirants for the heavy weight title.

Frank Moran of Pittsburgh, the white hope, has arrived in this country for a six weeks' vaudeville tour. He will meet Jack Johnson at Paris on June 27 for the championship title. He intends to recover the title from the big husky colored man. Moran is very confident of his ability to win.

The Cleveland Naps are grieving over the loss of Chapman, the new shortstop, who will be forced to remain on the bench during the greater part of the season because of a fractured leg bone received in the southern training camp. Connie Mack does not seem to be overconfident of the ability of Jack Coombs or else he is playing possum. He intends to have Joe Bush for one of his regular pitchers this coming season and will rely mostly on Bush, Brown, Shawkey and Houck until the warm

SHOES

THAT FIT YOUR FEET

Have you ever had trouble to find Shoes that really fit your feet when you first put them on, and continue to be comfortable until worn out?

If you have never had that trouble, it must be because you have always worn

Regal Shoes

Hosts of men have found the road to Shoe comfort by learning to make sure that they buy Regals instead of just shoes.

\$3.50 to \$5.00

and a big range of styles.

Moore & Owens,
BARRE'S LEADING CLOTHIERS
Barre, Vt.

weather comes when Bender and Plank will be expected to show their hands.

Bobby Byrne, the former Pittsburgh Pirate, is playing second base for the Philadelphia Nationals in the absence of Otto Knebe, who has jumped to the Federals.

Deal, the recruit with the Boston Nationals, is expected to make the regular berth at the third corner. He has played with the Detroit Americans and the Providence Internationals.

Baseball Now French Sport.

New York, March 16.—Baseball has been taken up in France enthusiastically and will soon be a popular sport, according to W. H. Burgess, president of the Vesinet, France, baseball club, who arrived yesterday.

The French ball players wear light garb like that of the American trackmen.

TO CONTROL A MINOR LEAGUE.

Feds Want Atlantic for Farm Next Season.

New York, March 16.—The first known step by the Federals to secure the control of the minor league was taken yesterday during a meeting of the Atlantic league, formerly known as the New York and New Jersey league.

While the owners were in session a Federal league agent approached Otto Deisseroth of the Newburg club and attempted to secure admittance to the meeting to submit a proposition in behalf of the Federals to secure Atlantic league as a farm. The minor league men refused to listen to the proposition declaring their intention to stick to the organization.

THEY tell the tale in the Klondike of a prospector in the far interior who was offered a bag of gold for his last sack of "Bull" Durham—and refused to trade. The millions of "Bull" Durham smokers can fully appreciate this incident, for there isn't one among them who would part with his sack of "Bull" Durham for its weight in gold, if he knew he could not obtain more.

The thorough satisfaction in those fresh, fragrant "Bull" Durham hand-made cigarettes appeals to red-blooded, vigorous men the world over. In the heart of the wilderness and the heart of civilization, in bunkhouse and forecattle, in mansion and club, men of all classes and all nations, "roll their own" and enjoy the most satisfying luxury in the world—

GENUINE
"BULL" DURHAM
SMOKING TOBACCO
(Enough for forty hand-made cigarettes in each 5c sack)

The man who has never rolled a cigarette from "Bull" Durham will find that sweet, mellow flavor and fresh fragrance a revelation—a distinctive form of tobacco enjoyment. Get "the Makings" today and learn to "roll your own."

FREE An Illustrated Booklet, showing correct way to "Roll Your Own" Cigarettes, and a Book of cigarette papers, will both be mailed to you, free, on postal request. Address "Bull" Durham, Durham, N. C.

THE AMERICAN TOBACCO COMPANY
